A message from the Program Administrator of the Permanency Program Area

I am excited to introduce myself to you.

I have over 20 years of child welfare experience with the agency. I began working at Stark County Children Services right after I graduated from college. Although I left the agency for a few years to stay at home full-time with my children, I continued to be involved in child welfare as a volunteer guardian-ad-litem for Family Court. Over the years, I have worked in several different program areas including intake, family services (ongoing), and the permanency program area. My most recent position was supervisor in the Ongoing Department.

This past December, I was fortunate to be offered the position of Program Administrator of the Permanency Program Area. I am excited for the opportunity to work with the foster families of Stark County. May is National Foster Care Month and over the course of that month we will be celebrating our foster parents. This year our annual Foster Parent Dinner will be held on Friday, May 15th, at Skyland Pines. I look forward to meeting many of you that night. I know how important your contributions are to the agency and the children you take into your homes.

Spring is a time to look forward to new beginnings. In June, we have our Rising Up, Moving On (RUMO) event. This event is for our foster youth who have graduated high school or completed their GED. The date for this will be Thursday, June 18th, and the event will be held at Tozzi’s on 12th in Canton. Details will be released closer to the event.

Let me once again take this opportunity to express how much I appreciate the work that you do. I look forward to meeting many of you at our events.

Sincerely,

Stacy DeChellis

Being adopted is important to Bernie and he imagines a family that enjoys music, arts/crafts and sitting down together for meals. He adds that having a family who enjoys playing games together and being involved in sports would also be great.

Bill thinks he might like to be a football coach or a police officer when he grows up. Meanwhile, though, Bill would really like to become part of a family with “a bunch of kids” and a dog. He looks forward to having family dinners and playing board games with his forever family.

Isaiah would like to become part of a family with older kids. A family that spends time together, enjoys family activities, and going places together would be great! And, because Isaiah loves dogs and cats, he would really like to have a kitten!
A message from the Family Resource and Training Supervisor

I hope this issue finds everyone happy, healthy, and looking forward to Spring. Our agency encourages foster families and kinship placements to participate in case activities. One great way to be actively involved is by attending Family Team Meetings.

Every case that is transferred from the Assessment/Intake department to Ongoing Services is eligible for a Family Team Meeting. The initial Family Team Meeting is typically held within 30 days of the case being transferred. Meetings are then held every 90 days. Although birth parents have the right to request that foster parents or kinship placements not attend the initial meeting, they are able to attend all follow-up meetings.

What’s the purpose of Family Team Meetings?

- The focus is on the care, protection and permanency of the children
- Families along with their support system meet with agency staff and service providers to share information and learn about the agency and court process
- Development of case plan goals and discussion about how the agency can support families in meeting these goals

Why is it important to attend Family Team Meetings?

- To hear updates regarding case plan goals and agency recommendations
- To report directly about how the children are doing in your home, which could impact case decision-making
- To engage with birth families and develop relationships with them
- To ask questions directly to the parents regarding the children’s health history, favorite foods, behavioral issues, etc.
- To gather information about the children and their family for their Lifebooks

Your Ongoing Worker will notify you of future meetings. If you have any questions or would like additional information, feel free to contact me by calling (330)451-8806.

Thank you,

Jamie Horey

Foster and Adoptive Family Recruitment Update

As the number of children in custody rises, the need for foster families is increasing. Our agency has been diligently working to recruit more foster families, and we want you to be part of the process. As we reviewed the inquiry numbers from 2019, it became apparent our current foster families are one of our best resources for recruiting new families. We appreciate the support we receive from you and we are offering additional opportunities for you to get involved.

Here’s how you can get involved:

- **Speak at Foster and Adoptive Information Events**
- **Refer someone to our agency**
- **Participate in foster parent panels**
- **Provide support to foster families as they move through different steps in the process: from the inquiry stage to licensure, answering questions about the process and about being a foster parent, assist with completing required paperwork, and sharing information about what to expect during the process.**

We appreciate your support, dedication and referrals to our agency. If you have ideas and/or want to be a part of our recruitment efforts, please contact Alisa Grass at 330-451-8905. Every child needs a home. A foster family can help children achieve better health and well-being for the rest of their lives.

There are no unwanted kids, just unfound families.

Alisa Grass MSW

Are you curious to know more about the agency’s Placement Department? There are three staff who work in the Placement department. Anytime a foster placement is needed, the Placement staff begin searching for a foster home. There are countless scenarios in which children may need to be placed outside of their homes. Their length of time in care could range from a short two-week respite to a placement that lasts a year or longer. SCJFS foster homes currently have placement of 104 children out of 337 total children in custody.

Facts and Stats

- In 2019, children who were in custody experienced a total of 220 moves throughout all types of placements – kinship, foster care, residential treatment, etc.
- Our greatest placement need is for school aged children, sibling groups of 2 or more, families who can foster two children under the age of two (2 cribs) and willing to take an emergency placement.
- Currently, there are 71 children placed in non-SCJFS foster homes.
- In January, 37 total placements were made. Of those, 19 were new children who came into custody, 18 were placement changes of children already in custody, and 10 of those children were in a therapeutic placement.
- In February, 36 total placements were made. Of those, 21 were new children who came into custody, 15 were placement changes of children already in custody, and 4 of those children were placed in therapeutic care.

Many times therapeutic foster care is needed for the special emotional and behavioral needs of the children being placed. Occasionally, children are placed in specialized settings due to a lack of available foster homes within our own network. Children in therapeutic foster care are currently placed as far away as Youngstown, Mansfield, and Upper Sandusky.

We are sharing these “stats and facts” in an effort to place more children in SCJFS foster homes. The average length of placement for children currently in custody is an 8 month stay. Could your family say “yes” to children who otherwise may be placed further away? We want to call you first.

We appreciate your patience with us as we are asking you to consider going outside of your current criteria. Placement staff are accompanying Family Resource Workers to home visits to become more familiar with SCJFS foster families, share information about our placement needs, and answer your questions.

990-40-NOS (6 hr) AHA Heartsaver Pediatric First Aid and CPR with AED (2-Year Certification)

Date: Saturday, May 2, 2020      9:00 AM-4:00 PM
Facilitator: Ronna Johnson
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

This American Heart Association HeartSaver Pediatric First Aid course was developed on the basis of evidence-based guidelines. It is a modular course that includes essential information and training in the first aid skills recommended by OSHA; and it provides the skills to effectively assess and maintain life, from the critical minutes immediately following an emergency until the arrival of emergency medical services personnel. The course provides the learner with a comprehensive overview of first aid basics for children, as well as CPR and AED use for all ages. Its highly effective format (video-based, practice-while-watching instruction) enables students to experience case-based scenarios in a realistic setting. Instructors introduce a topic then show a video segment; students then practice the skill while watching the video. The instructor also presents cases for discussion. **Strict – 9 PERSON LIMIT**

This workshop is approved for OCWTP training hours only.

Upon successful completion of this course, participants receive a 2-year certification in CPR (Infant, Child and Adult), AED, and First Aid

947-PA02-S Adopting Your Foster Child after Reunification Fails

Date: Monday, May 4, 2020       6:00 PM-9:00 PM
Facilitator: Angela Irby
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

It is not unusual in the world of foster care and adoption to have a child returned to his or her birth home, only to return to the previous foster/adoptive home for permanency. This workshop addresses a parent’s greatest task—recapturing a child’s heart. This workshop will address barriers to rebuilding a family relationship, what parents need to know about the returning child, and strategies for regaining the child’s trust and love.

924-31 Working with Kids who have Experienced Loss

Date: Tuesday, May 12, 2020       6:00 PM-9:00 PM
Facilitator: Sister Madeleine Rybicki
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

Participants will examine the correlation of the lack of bonding, attachment, and multiple losses. Trainees will learn the stages of grief related to children. They will learn the coping skills necessary to help and support the grieving child. Participants will read scenarios and see how the grieving process works differently in various situations. Though the focus is on working with kids, this training can be applied to early teens and adults, as well.

947-7 The Difference: What Makes Foster Families Effective

Date: Thursday, May 14, 2020      6:00 PM-9:00 PM  
Facilitator: Paula Kyle-Stevens  
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702  

This workshop will re-energize and re-confirm foster parents in their efforts to make a difference in the lives of foster youth of today. Through the telling of her story, the trainer helps caregivers to identify what makes “the difference”—the characteristics of a caring and truly committed foster home. Participants will understand the importance of making an effort each day to show the youth how to be a survivor; to love, nurture, and build self-worth; and to encourage the youth and build his/her confidence to become a productive part of society.

923-FF6-S Recognizing and Responding to Children who have been Sexually Abused

Date: Saturday, May 23, 2020      9:00 AM-4:00 PM  
Facilitator: CeCe Norwood  
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702  

This workshop is designed for foster caregivers and adoptive parents who are caring for children who have been sexually abused. The workshop is offered with the understanding that many children in care, or who have been adopted, have not yet disclosed sexual abuse they have experienced. This workshop examines the definition and dynamics of sexual abuse of children. The training will examine the pervasive pathology existing within the sexually abusing home. The workshop develops understanding of the characteristics of caregivers that can best adjust to the needs of children who have been sexually abused. Extensive parenting strategies, including strategies to prepare the home to receive children who have been sexually abused as well as strategies to enhance their ongoing care, will be presented.

989-67 Understanding and Surviving Loss While Fostering: The Emotional Roller Coaster

Date: Tuesday, June 2, 2020      6:00 PM-9:00 PM
Facilitator: Deanna Prezioso
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

This class will give participants an understanding of the reactions to grief and loss and explain ambiguous loss theory. Participants will gain an understanding of the similarities and differences between the emotions they experience, the emotions children in care experience, and the emotions experienced during a final loss such as death. Participants will examine how the emotions experienced during grief and loss are related to their role of foster caregiver and how they can effectively care for themselves and manage their emotions.

983-31 What’s Normal, What’s Not in Children’s Behavior

Date: Saturday, June 13, 2020      9:00 AM-4:00 PM  
Facilitator: Janice Williams  
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

This workshop helps foster/adoptive parents to discern between “normal” and “abnormal” childhood behavior. Caregivers learn of the developmental and socio/emotional stages that children experience as a natural part of growing up. Utilizing large and small group activities, caregivers have fun as they define what’s normal and what isn’t, debunk common myths about behaviors, and learn how to respond to behaviors in appropriate and effective ways. Caregivers are given criteria to avoid overreaction to behaviors that are age and/or developmentally appropriate. Caregivers learn which behaviors should be immediately reported and which behaviors warrant professional intervention. Using vignettes, participants work in small groups to address concerning troublesome behaviors of children newborn-18.

925-143 Parenting by Personality

Date: Saturday, June 20, 2020      9:00 AM-4:00 PM  
Facilitator: John Ward  
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

How can you be sure that your approach to parenting your foster/adoptive child is well-suited to your child’s needs? Through this class, you will learn to use a personality type summary to understand how personality can affect your interactions with your child. You will learn which of the 16 distinctly different personality types best matches your child’s, and how this personality type affects your child in the home and at school. You will discover how you can adapt your parenting style to your child’s personality type to get better results when communicating, supporting, motivating, and disciplining.

991-25 Dealing with the Effects of Complex Trauma: How to Maximize a Child’s Sense of Safety

Date: Saturday June 27, 2020 9:00 AM-4:00 PM
Facilitator: Ann Bagley
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

The first essential element of the National Child Traumatic Stress Network (NCTSN) Trauma Toolkit is “to maximize the child’s sense of safety.” It is not enough for the child to be safe; felt safety only registers in the child’s physiology and neurochemistry if the child knows he/she is safe. This workshop will help participants to understand the impact of complex trauma on feelings of safety and how to apply the correcting principles of trust-based relational intervention.

August Training

948-6 Wounded Child, Healing Home: The Impact of Parenting a Traumatized Child on the Adoptive or Foster Family

Date: Saturday, August 1, 2020 9:00 AM-4:00 PM
Facilitator: John Ward
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

When a child enters a foster or adoptive home following a history of abuse, neglect, and trauma, the family will be transformed. Most often, this transformation is positive for all in the family; but occasionally the transformation is not positive, and the issues and challenges of maintaining the child in the home seem insurmountable.

This interactive workshop addresses key issues: What does a traumatized child look like? What behavioral challenges do parents face most often? What really does happen to the foster/adoptive family? This workshop tackles tough and realistic issues faced by families but not often recognized by the professionals who work with them.

Competencies addressed:

925-13 Bleeding Heart or Purple Heart: Parenting Today’s Troubled Youth

Date: Wednesday, August 12, 2020      6:00 PM-9:00 PM
Facilitator: Brian Lowery
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

This workshop explores models of effective parenting, including Systematic Training for Effective Parenting (STEP), Parent Effectiveness Training (PET), and Behavior Modification. Special emphasis will be given to assessing parenting styles, and applying discipline strategies and parenting techniques that are appropriate to the child’s developmental level and individual needs. Concrete strategies will be shared on how to help parents tackle the many challenges of parenting today’s troubled youth.

926-FF9A-S The Effects of Fostering

Date: Monday, August 17, 2020      6:00 PM-9:00 PM
Facilitator: Angela Irby
Location: CORNERSTONE BUILDING, 402 2nd Street S.E., Canton, Ohio 44702

This training, specifically designed for licensed foster caregivers in the early years of their foster care development, will assist participants in identifying what factors contribute the most to their stress as caregivers and what strengths they bring to caregiving. They will learn to identify indicators they, or someone in their family, may be experiencing such as burnout or secondary traumatic stress. Strategies to prevent or mitigate the stress of caregiving will also be addressed. This training is part of the Fundamentals of Fostering series.
